David Firth & Emily Dwyer

Walk with me on the golden beach
Where the moon loves to shine in your eyes.
Hand in hand with our toes in the sand
While we watch the stars
Dancing in the sky.

And we'll sing Papa lolli datti dawter Emilee
That's a secret song just you and me.
When I sing it I just smile because I know
That we will be never ever far apart.
Papa lolli datti dawter Emilee that means
I love you. I will always hear you
Singing in my heart.

There are a million things I wish I could say
Like how I love and miss you every single day
And I am with you; always with you
And no one can take that away.
And though the oceans keep us at bay
And country miles feel so wide when I
Hear a melody you are always by my side.

And we'll sing Papa lolli datti dawter Emilee
That's a secret song just you and me.
When I sing it I just smile because I know
That we will be never ever far apart.
Papa lolli datti dawter Emilee that means
I love you. I will always hear you
Singing in my heart.

Verse 1 and 2 sung together...

And we'll sing Papa lolli datti dawter Emilee
That's a secret song just you and me.
When I sing it I just smile because I know
That we will be never ever far apart.
Papa lolli datti dawter Emilee that means
I love you. I will always hear you
Singing in my heart.
