

## Time to Sleep

By David Firth

Time to sleep sweet baby Fé  
Rest your wee Irish heart.  
Dream of shamrocks and butterflies and  
A sky full of smiling stars.

When you wake I'll hold you close  
And love you with all that I am.  
We'll sing and play and dance a jig  
And stroll through green Ireland.

While you're asleep and when awake  
Your angels keep watch over you.  
And all of your family live deep inside  
In your precious and infinite soul.

Time to sleep sweet baby Fé  
Rest your wee Irish heart  
When you wake I'll hold you close  
And love you with all I am.

I love you with all that I am.
