

Come Follow Me

David Alan Firth

Don Clarke

Do you love me? Then come follow me.
What I offer can set you free if you'll
Take the change to come and see.

A voice cries out in the wilderness,
"Prepare for the Lord.
Make straight His ways.
You'll know when you see Him.
You'll know when you see Him for He'll say..."

Do you love me? Then come follow me.
What I offer can set you free if you'll
Take the change to come and see.

Seek first the things of the Kingdom
Then all your needs will follow in time.
See the birds in the sky. See the wildflowers growing.
Can I put My trust in you when I say...

Do you love me? Then come follow me.
What I offer can set you free if you'll
Take the change to come and see.

Go forth and share with all what I've shown to you.
Tell others, "Come and See"
I've asked you to follow. Now I send you to lead.
I will always be with you on your way.

Do you love me? Then come follow me.
What I offer can set you free if you'll
Take the change to come and see. (Repeat Refrain)
