

Come To Me

David Alan Firth

Come to me whenever you're lonely. Come to me whenever you cry.
Come to me whenever you're joyful. Come, sit by my side.

Come to me whenever you hunger. Come to me both daytime and night.
Come to me to rest and do nothing.
Come, sit by my side.

And I'll sing you a song that will touch all your pain
And will give you new hope. A new start.
And I'll teach you a song you can share with your friends
About the love that I give from my heart.

Come to me to share your excitement. Come to me when you feel uptight.
Come to me with a heart full of thankfulness.
Come, sit by my side.

And I'll sing you a song that will touch all your pain
And will give you new hope. A new start..
And I'll teach you a song you can share with your friends
About the love that I give from my heart.

Come to me whenever you're lonely. Come to me whenever you cry.
Come to me whenever you're joyful. Come, sit by my side.
