

God Makes Everything So Beautiful

David Alan Firth

I was thinking one day of all the good things God has made,
Things like ice cream and apple pie and lemon-aide.
And I was thinking one day of all the good things God has made,
Things like rainbows and butterflies and the big parade.

God He makes everything so beautiful.
God He makes everything brand new.
God He makes life worth living, oh yes He does
'Cause God, oh God He made you.

Well I was thinking one day of all the good things God has made,
Things like camels, and chickens and cows and scrambled eggs.
Well I was thinking one day of all the good things God has made,
Things like star-shine and moon-shine and sunshine and Christmas Day.
And I'm hoping that you will one day realize too that
God really loves all the things He made, especially you.

God He makes everything so beautiful.
God He makes everything brand new.
God He makes life worth living, oh yes He does
'Cause God, oh God He made you.
