

# Jesus Christ Is Lord

Don Clarke

We should say what He has done.  
He came to this earth to make us one and,  
We should say that He is the Lord  
And spread the news 'round this whole, wide world.  
And we should say that we can pray  
For the strength that He gives us each day.  
And we should say that we can sing  
For the joy which He brings.

And at Jesus name every knee should bend  
In the Heavens and the Earth.  
And every tongue proclaim,  
To the glory of God, Jesus Christ Is Lord.  
Jesus Christ Is Lord.

We should say that He cured the blind and then ask  
Him to guide our minds.  
And we should say that He fed the crowds and then  
Praise His name right out loud.  
And we should say He shows us our worth  
And then ask why we take life before birth.  
And we should say that He died for us and  
Then thank Him for His forgiveness. And

At Jesus name every knee should bend  
In the Heavens and the Earth.  
And every tongue proclaim,  
To the glory of God, Jesus Christ Is Lord.  
Jesus Christ Is Lord.

There are those who say that their God  
Is nothing greater than their brand new car.  
And there are those who say that the Lord  
Is nothing greater than the things of this world.  
But we can say that we're blessed  
Because it is in Him where we find our rest. And  
We can say that He has won and open our arms to everyone.

And at Jesus name every knee should bend  
In the Heavens and the Earth.  
And every tongue proclaim,  
To the glory of God, Jesus Christ Is Lord.  
Jesus Christ Is Lord.
