

Yea God!

David Alan Firth

Have you noticed how we as a people can rejoice at the drop of a hat.
Well we cheer at the sight of a hero 'cause he saved us with a stroke of his bat.
We go nuts at the opera or at rock concerts too or when a
Fish starts to tug on our line.
We could all learn to pray in the very same way
To acknowledge the great one, a living legend for all time.

Singing Yea God! Yea-E-A God for
You are the champion, the champion of Love.
Singing Yea God! Yea-E-A God for
You surprise us each day with your gifts from above.
And we'll stand up and cheer with a voice loud and clear...
Singing Yea God! Yea-E-A God
YEA.....Yea God!

Could you see how we as a people should rejoice at the sight of the Lord.
Just to cheer for our God, He's a hero 'cause He saves us with
Love not a sword.
To go nuts when we find Him in the least of our friends, 'cause He's
There in the Bread and Wine.
We should all learn to pray in the very same way
To acknowledge the great one, a living legend for all time.

Singing Yea God! Yea-E-A God for
You are the champion, the champion of Love.
Singing Yea God! Yea-E-A God for
You surprise us each day with your gifts from above.
And we'll stand up and cheer with a voice loud and clear...
Singing Yea God! Yea-E-A God
YEA.....Yea God! (Repeat)
