

We Will Remember You

David Alan Firth

No greater gift has been given
Then in God giving of His only Son.
There is no clearer way this is envisioned
Then through the life of one who deeply loves.
Love freely given and unmeasured
Is like the rain to dry and barren ground.
Your love has brought life to our whole family.
You've been the voice that's taught us joyful song.

When we eat this bread.
When we drink this cup.
We will remember you...remember you
As loving us.
As we heard God's Word and
As we live out what we have heard
We will remember you....remember you
As loving us.

A small bit of wheat gently kneaded
Greatly affects all the bread.
Evenly it soon begins it's rising to be broken
So that someone might be fed.
All throughout your life you've truly loved us.
The leaven of your love has touched our souls.
It's kneaded us together and with faithfulness
We can be the bread for breaking in the world.

When we eat this bread.
When we drink this cup.
We will remember you...remember you
As loving us.
As we heard God's Word and
As we live out what we have heard
We will remember you....remember you
As loving us.
